Dear Pamela Monroe,

Ms Pamela Moore,

In the past several months we have talked with many people regarding Northern Pass. Not one of our discussions included praise for or acceptance of this scheme to rob the people of New Hampshire of their beautiful state's tourism, camping, and natural beauty. We are strongly opposed to Northern Pass and find nothing beneficial about it to our state. Stop trying to fool the good people of NH with false advertising about how rates will be lower, etc. We are New Hampshire and will do all we can to protect our beautiful state.

Sincerely,
John & Mary Ellen Moran
