Dear Pamela Monroe,

We live in a most beautiful State and need nothing to destroy its beauty. Please work to end this Northern Pass threat to our beauty. When I drive down Rt. 25 to Plymouth and see those ugly wind mill that kill hundreds of out song and raptor birds, I feel sick to my stomach. Again I implore you to help put an end to this travesty.

Thank you for your support in advance.

Best regards,

Daniel B. Kirkwood

Sincerely,
Daniel B. Kirkwood
