Dear Pamela Monroe,

I just read that Eversource is so confident that they will receive the permit from the SEC that they contacted Wall Street and told them it will happen.

I would hate to think that the fix us in and all of the taxpaying citizens of NH are just being made fools of.

It would probably then go to court and be fought tooth and nail.

This is not a game. We are tired of big corporations destroying America.

Please respond to these accusations!

Sincerely,
Meryll Goldman
