Ms. Monroe,

I would like to register my opposition to NP. You have heard all of the reasons why already. I am 76 years old, and I never remember any issue in this state that has been as divisive as NP. We are at seven years and counting. This alone should be enough to reject it in favor of a more environmentally friendly competitor that will not "buy" the support of towns, resorts, and politicians- which is exactly what NP has attempted to do.
