Subject: Please DISAPPROVE Northern Pass underground in Plymouth

Please DISAPPROVE the Northern Pass SEC application to bury transmission lines through the business district in Plymouth NH.

I live in Hebron NH, and I am a frequent customer for the many small businesses along Main St in Plymouth. These small businesses are major employers for this area. Few if any are able to sustain the loss of business that would result if Northern Pass gains approval to bury their transmission lines through the Plymouth business district.

Excavation for the Northern Pass burial project will be a fatal cut through the heart of this unique and vibrant small town and all those who depend on it.

Sincerely,  
Pat Spoerl  
Hebron NH
