I am so saddened, disgusted, disappointed that once again big business has prevailed. New Hampshire communities have strongly opposed the Northern Pass because it will forever mar our landscape, ruin wildlife habitats, lower the value of homes within the visual range of the hideous towers, is shortsighted because it will become an outdated source of power, will have a huge negative impact on tourism, will destroy the tranquil setting of rural roads...BUT you know all this and it doesn't matter! It's all about money!
