SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Mary Bearor
CommenterCity	Colebrook
DateReceived	11-17-2017

### CommenterWords

Despite the DOE's recent decision to issue a Presidential Permit for Northern Pass, NH STILL does NOT need this project! NH is already an exporter of electric power. This project is only a for-profit boondoggle for which our beautiful State will pay the freight, forever scarred. Please stand up for NH. Thank you, Mary C. Bearor
