I am opposed to Northern Pass.

Northern Pass will negatively:

1. Cause adverse impacts to tourism and recreation.
2. Negatively affect the historic context of architectural resources.
3. Cause impacts to vegetated habitats and land disturbance, impacting archeological resources and wildlife, including protected species.
4. Result in long-term wetlands impacts as compared to the other action alternatives.
5. There will be no long-term financial or any other benefit to the State of New Hampshire and the people who live here or visit here.

Please stop the nonsense.

Best Regards,
