Concord, NH 03301-2429

Dear Ms. Monroe and Committee Members:

I am writing to voice my opposition to the building of the Northern Pass through the state of New Hampshire.

As a native of the state and sixth generation born here, grandmother of young natives, I am very attached to our state. I am a four-thousand footer/ AMC member and wildlife /loon preservation volunteer. My husband and I just spent more than 12,000 dollars to install solar power on our house because we believe in local, clean, green and renewable energy.

The Northern Pass plan will cost consumers, impacts the environment and does not serve New Hampshire. We should not allow it to be built. It only serves to profit the investors.

I urge you to STOP the Northern Pass project.

Sincerely,

Donna Baker-Hartwell
