Subject: Support to Northern Pass

Dear Ms. Monroe,

My name is Alexander Yakovlev and I would like to express my **SUPPORT to Northern Pass** as a resident of New Hampshire and a resident of Concord who lives at 203 Loudon Rd, Unit 813, Concord, NH 03301-6092; I have **Bachelor of Science Degree** in Electrical Engineering and **Associate's Degree in Applied Science in Accounting** and, based on my person research and analysis, I would like to **support Northern Pass** because:

- Cheap since it does not require any type of fuel;
- Eco-friendly because there is no carbon dioxide release or nuclear waste;
- Renewable because the river flow is endless;
- Safe because there is no such treats as nuclear contamination in case of an accident and there is no carbon dioxide to breath for the population;
- Economically beneficial because building power towers and power lines creates construction jobs.

Sincerely,

Alexander Yakovlev
