

## Northern Pass Citizen's Comment – Opposing

---

As a citizen of New Hampshire, I am opposing the Northern Pass project because: to start with it  
has been verified by experts that a) the Canadian  
plant is defective and b) that the technology used  
~~will be~~ in making this project will be obsolete  
in 10 years. I don't get how it will bring jobs  
to this area that will last beyond that. The AMC  
has already made a counter proposal that involves a  
direct burial along 93 that won't impinge on the  
natural beauty that NH is famous for. why not use that?
