**Subject:** Northern Pass

Dear Ms. Monroe,

I'm opposed to radically changing beautiful natural landscapes. Landscapes in this case that represent the core of our economy., tourism.

There's no better concrete example of absolute negative impact than on a proposed Hilton Hotel in Bethlehem which is planned at a Northern Pass terminus site (the location on Route 302 deemed for an eight story building). The result of the project and this particular point of construction will damage both current and future economic opportunities for our town and region.

**Northern Pass should bury all lines or not be approved as there are better options available to us.**

Thank you,  
Kristina Zontini
