Dear Pamela Monroe,

So many people on edge, I can not believe this darn project has gotten this far. No Northern Pass!!

The people who appreciate and love this state are desperately trying to preserve its beauty. Please please protect what we have, protect New Hampshire. I'm wondering why some people see this project really about money and greed. In a world with so much ugliness we must come together and protect what we have, don't let it go...

I speak from the heart

Courtney Kearley-Stock

Sincerely,
Courtney Kearley-Stock
