Dear Pamela Monroe,

I object to the Northern Pass be put in anywhere! There have been numerous pipe leaks. Why would anyone want to do damage to our land and waters? Where some of my family lives in NH, there will be views that will be ruined. Please take all objections seriously. Work will only be temporary and we will pay for this. I even believe that we will pay for the NP in many ways!

Sincerely
Claudette Wright

Sincerely,
Claudette Wright
