Dear Pamela Monroe,

I'm sorry, but I'm not happy about the construction of massive towers in our God's country for the benefit of people who don't respect our way of life. I've heard that there are many other plans to run these lines so that they won't disrupt our land and environment, but are not even being put into the equation. Please do not destroy New Hampshire! Thank you for your time, Matthew Sellers

Sincerely,  
Matthew Sellers
