Dear Pamela Monroe,

I AM STRONGLY OPPOSED TO NORTHERN PASS!!!

1) If they would agree to bury the complete transmission line running through NH, then we would have to say they are putting NH and the people who live here first!! But by saying it is too expensive to bury the whole project running through NH then I would say . . . SORRY, BUT THAT'S THE DEAL!

a) Northern Pass isn't budging to LISTEN TO ANY OF ITS CITIZENS so why would the SITE EVALUATION COMMITTEE GRANT A GREEN LIGHT TO SUCH A CORPORATE BULLY!!

2) I have lived in NH most of my life (born and raised here). My husband and I love NH and the scenery we have all around us as we take excursions in and around our neck of the woods here in northern NH. We live here because of its beauty of nature and the majestic scenic views along our highways and byways.

a) Please say NO to Northern Pass and leave NH as it was, is and forever will be SCENIC NH!!!

THANK YOU SO VERY MUCH!!!

Sincerely,
Loretta Galuszka
