Dear Pamela Monroe,

I write to express my fervent opposition to the Northern Pass.

I see no long term value to NH citizens nor our state coming from Northern Pass. I view this proposal as theft of New Hampshire's very character and specialness as a scenic natural wonder. And I disapprove of the business plan that makes money for a corporation by defacing our state's landscape.

I ask you to disallow this unnecessary intrusion into our state.

Respectfully,
Gary Hunter
