Dear Pamela Monroe,

As a New Hampshire Resident I 100% oppose the Northern Pass nightmare. It will forever destroy our entire state forever. How can this even be a thought? To do this to our state is unacceptable. The route of these disgusting power lines go through way to many of the most beautiful parts of the state. People come to New Hampshire from all over the world to see these beautiful sites. This will destroy what New Hampshire is all about. This is one of the last great places in the United States where you can go to the Mountains and get away from the disgusting Urban and city environment. People live for this myself and family included. This disaster Must not happen! And the worse part is this does not help NH or even the USA. No way no how ever should the United States allow another Country to invade us like this . Never!

Sincerely,  
Randy Grasso
