Dear Ms Monroe,

I am opposed to this unwanted and unneeded Foreign based energy project. Whether it is Iran or Canada doesn't make a difference. We, the people of New Hampshire have consistently voted at least 12 to 1 against it. Why does the SEC not get it?? We do NOT want it to tear up downtown Plymouth that will force some businesses to close. Unlike Eversource and the HydroQuebec, we need the SEC to listen to the citizens of New Hampshire. Thank you.
