Canterbury, NH 03224

December 18, 2017

Dear Pamela Monroe,

To Whom it May Concern,

My wife and I are totally against Northern Pass! We are both avid hikers and do not want to see the addition of huge towers marring the NH landscape. Our house in Canterbury is within 100 yds of the current power line (future NP) right of way. Currently the poles are not visible. The new towers will be. Will the NP project buy my house for fair value before it depreciates from these lines.

WE in NH are the ones that have to have our state spoiled to bring electricity to CT and MA without the benefit of lower rates for us.

Please vote NO on the permitting of this boondoggle for the state and windfall for stockholders!

Sincerely,
Kenneth and Karen Robichaud
