SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Lyla Adkins
CommenterCity	Barnstead
DateReceived	12-18-2017

CommenterWords

Please do not allow this to pass. We must preserve the beauty and integrity of our countryside. New Hampshire will not see the benefit of any of the power passing through this pipeline. The construction jobs will not be long term. Do not permanently scar our state, and pave the way for allowance of similar projects in the future. Our trademark is our pristine beauty, please, please, please do not allow that to be altered.
