Exeter, NH 03833

December 19, 2017

Dear Pamela Monroe,

Frankly, the Northern Pass seems more like a scam than a serious energy plan. The residents and businesses of New Hampshire will not benefit by it. It will just pass (hence the name Pass) through New Hampshire for the benefit of companies to the South. We will be stuck with the ugliness of the structures in our landscape.

Sincerely,
ILSE ANDREWS
