CommenterName	Heather Bosa
CommenterCity	Tuftonboro
DateReceived	12-20-2017

### CommenterWords

Please listen to the local needs of the future and keep this project away from the State of New Hampshire! We need to protect the land we have now. It will be more expensive in the long run to restore the beauty that will be ruined if this project goes forth. Do not force the the residents of and visitors to New Hampshire to endure this project in all aspects. We do not approve, we say NO!
