81 north shore road
Hebron, NH 03241

December 21, 2017

Dear Pamela Monroe,

As already proven our electricity continues to rise as we ruin the natural beauty of New Hampshire. Powerlines providing to other states are not only unsightly they are health hazards. NH needs to be preserved not sold out as a giant extension cord. Our future water supplies, landscape and terrain are all in jeopardy. please stop!

Sincerely,
Anne Bryan
