577 North River Road
Milford, NH 03055

December 21, 2017

Dear Pamela Monroe,

Northern Pass does not provide any service to NH residents; as the name implies, it will only pass through NH. However, it is likely that NH utility rates will increase, without any benefit to us. The only NH residents who will benefit will be those in construction trades (temporarily). NH needs lower electricity rates, but Northern Pass does not provide this.

Sincerely,
Denise Clark
