Please keep our beautiful countryside pristine. This project is not wanted by the majority of people of our state. It does not create permanent jobs for NH residents. It does not provide for NH in any appreciable way. Once our magnificent scenery is gone it's gone forever. Is nothing sacred anymore?

Please don't do this to our state we do not want it here. We do not want to be an "extension cord" from Canada to RI. Please listen to the good people of this live free or die state. We don't want it. We are being railroaded.
