SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Joseph Evans
CommenterCity	Littleton
DateReceived	12-21-2017

### CommenterWords

new hampshire residents, especially those in the northern tier of the state, are not opposed to hydro quebec/eversource transmitting power through new hampshire per se; but we are opposed to the towers.

there is a simple solution: bury the line in its entirety along already existing corridors.

thank you,

joseph evans
