### CommenterWords

As a taxpayer and land owner in New Hampshire I'm not in favour of Northern Pass.

Please vote against the project. The state of New Hampshire should not be used as a means for transporting electricity/power to outside states. Where more than just a beautiful state with clean lakes and majestic mountains. Where stewards of the forests, farmlands and natural resources

Have we not learn or remember from Seabrook.

Please for our generation and future ones, preserve our beautiful views and land. Say No to Northern Pass.

Thank you,  
Kevin Gannon
