

THE STATE OF NEW HAMPSHIRE  
SITE EVALUATION COMMITTEE  
DOCKET NO. 2015-06

APPLICATION OF NORTHERN PASS TRANSMISSION LLC  
AND PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE  
D/B/A EVERSOURCE ENERGY  
FOR A CERTIFICATE OF SITE AND FACILITY

PRE-FILED DIRECT TESTIMONY OF KELLY O'BRIEN NORMANDEAU REGARDING  
HER PROPERTY AT 56 SANBORN ROAD, CONCORD, NEW HAMPSHIRE

ON BEHALF OF THE SOCIETY FOR THE PROTECTION OF  
NEW HAMPSHIRE FORESTS

NOVEMBER 15, 2016

1           **Q.     Please state your name and address.**

2           A:     My name is Kelly O'Brien Normandeau, and I live and make my livelihood at 56  
3     Sanborn Road, Concord, New Hampshire. I am the owner of Concord Equestrian Center, which  
4     is a full-service equestrian facility. (Exhibit 1.) The property is my home, my livelihood, and  
5     my whole life.

6           **Q:     Please describe the property and your business.**

7           A:     I acquired this 8-acre property with my sister, Mary-Lee O'Brien, in a rundown  
8     state under foreclosure in 2011. My home is a horse property that houses 20+ horses has an  
9     indoor arena, and is quiet and picturesque. (Exhibits 2 and 3.) As avid horsewomen, it was our  
10    life-long dream to have our own family facility. The very first time I heard about Northern Pass  
11    was on the radio one week before closing on the property.

12          Since then we have worked diligently to grow our business, Concord Equestrian Center.  
13    We provide safe, affordable, friendly professional riding instruction to students of all ages  
14    ranging from 4-71 years old as I write this. Currently, the ROW serves as horse pasture. An  
15    important part of our business. It allows the horses to roam and graze in a natural setting in fresh  
16    air, not in the confines of their stall. It is vital to their health and behavior.

17          My sister passed away on April 19, 2013. I have been putting my heart and soul and  
18    finances to continue in our venture to be a wonderful welcoming resource to the community.  
19    Allowing people of all backgrounds and financial means to connect with the majestic horse.

20          **Q:     Why did you purchase your property knowing that the Northern Pass**  
21    **project was to be proposed?**

22          A:     Although we found out about the existence of the NP proposal only 1 week prior  
23    to closing on the property, we had no choice but to take the leap of Faith in pursuit of our dream

1 and not let the threat of a hypothetical project crush it. We purchased the property at 56 Sanborn  
2 Road to pursue our dream. The risks and ramifications of the existing line and electrical current  
3 are acceptable to our life. We purchased the property as it was, run down and on the ROW. We  
4 did not purchase a property with 120+ foot steel towers.

5 We purchased a property that has seen an increase in value due to our investment into it.  
6 We purchased a property that would become an asset to the community as a small business  
7 providing job opportunities. A breath of fresh air and peace, an escape from the stresses of life  
8 for our clients, who have become an extension of family for me.

9 **Q: What have you learned about the proposed Northern Pass project and how**  
10 **have you done so?**

11 A: The proposal of Northern Pass and the ENORMITY of destruction of places of  
12 value as it is constructed is beyond my understanding. I have been to numerous scoping  
13 meetings, I have sponsored the radio show BullDog Live, formerly on FM 107.7, when they  
14 ventured to the meetings to record and broadcast for the public what was happening in our  
15 beautiful state. Brian Tilton, the host, was the lone outlet for the citizens of NH to be educated on  
16 both sides of this polarizing project. His voice was silenced from the radio. I have been filmed in  
17 a documentary project about the NP and its implications. I have found courage to have a voice  
18 and speak at meetings, ask questions and LISTEN.

19 What I have heard disturbs me. The bottom line is to fill the pockets of Hydro-Quebec,  
20 Eversource (formerly PSNH) and NE Utilities. The benefit of this project benefits them. The  
21 people of NH and our beautiful state are being manipulated to believe that it will lower our bills  
22 and create local jobs, and that is NECESSARY.

1           At the meeting last Spring at the Grappone Conference Center, I LISTENED as local jobs  
2   were promised, "to the extent that we can." A clear out. Allowing for that all important wiggle  
3   room as to why imported workers will be getting the jobs, and not our neighbors. People (the  
4   Union workers) hear what they want, then stop listening. I also LISTENED to the question and  
5   answer of why the route 93 corridor isn't a consideration for the route. The answer varied, but  
6   included "that it would be UNSIGHTLY." REALLY??? However, scarring OUR forests,  
7   mountains and OUR backyards is something that "we will get used to."

8           Make no mistake, I am COMPLETELY opposed to the Northern Pass project. If it is  
9   allowed to go forward, then burying it is what I would support. Either way, the life as I have  
10   worked so hard to realize, my family's legacy, and the setting my clients and horses have chosen  
11   to enjoy their passion would be forever changed.

12           **Q:     What are your primary concerns about the proposed Northern Pass project?**

13           A:     Our horses pasture on the ROW below the existing lines. I am concerned about  
14   the greater health risks to people and animals with the exposure to the massive current. It is yet  
15   to be determined the effects on our well water, and the wildlife habitat that will be destroyed.

16           The proposed tower size and the subsequent fall out zone would affect and wipe out  
17   integral parts of my property including, but not limited to my well, water lines, outdoor riding  
18   arena, horse paddocks. The construction phase, with noise, heavy equipment, and unsecured  
19   fencing would cause Concord Equestrian Center to cease. The liability for the safety of the  
20   horses entrusted in my care, as well as the safety of my students would be completely  
21   jeopardized.

1 Then, what am I left with when the equipment, noise and path of destruction fades away?

2 A disaster. A property that will take years to regenerate to bring back to usable and safe. My  
3 business, my ability to earn and income, MY LIFE, destroyed.

4 I pray for relief from the impending threat of this project. It has stalled my business  
5 growth. It has caused undue stress. I cannot invest in my property to increase its value and grow  
6 my business when it can be all undone with the SEC's approval of the Northern Pass. There is  
7 beauty in life, especially if we choose to see more than the bottom line or the bank account.  
8 Progress is sometimes making the hard choice to take a stand and say no.

9 **Q: What additional health and safety concerns do you have?**

10 A: The monstrosity of what is proposed, the liability of safety for our business and  
11 the unknown health effects to both animal and my family is of utmost concern. My daughter  
12 Emma (technically step-daughter, as her birth mother lost her cancer battle 2 weeks after giving  
13 g birth to Emma), is a medical miracle. She was an undiagnosed pregnancy and was exposed to  
14 chemotherapy, and radiation in the first trimester with no precautions. Emma has had to  
15 overcome amazing odds to survive. She is now 11 years old. (Exhibit 4.) She carries the cancer  
16 gene of her deceased biological mother. As the only mother she has ever known, it is my duty to  
17 protect her.

18 I will be faced with making a difficult life changing choice. Do I risk exposing my  
19 daughter to currents that increase the risk of cancer and leukemia substantially and attempt to  
20 rebuild my livelihood in our home, or do I move on from the place that is more precious to me  
21 than you can ever imagine, knowing I will financially never be able to replace what I have here?  
22 What I do for a living isn't a storefront that I can easily move location. PLEASE look at the very  
23 real human element in this decision. The corporations behind the Northern Pass project only

- 1 have their own financial best interest in mind. Their fattened wallets will be the destruction of
- 2 real people's lives. I am the face and heart of one of those people.

**WELCOME TO CONCORD EQUESTRIAN CENTER!** We are Southern New Hampshire's newest full-service equestrian facility. Our goal is to create a comfortable, enriching environment for both horse and rider. We welcome riders of all ages and riding abilities and promise to treat each human and equine client with respect, kindness and warmth. Give us a call today to arrange your private tour of our facility. I look forward to meeting you (and your horse)!

PS. We offer Gift Certificates in any amount. It's the perfect way to introduce friends & family to the joys of riding! Click here to learn more about purchasing a [Gift Certificate from C.E.C.](#)

**LESSONS/TRAINING PROGRAMS**  
Experience our "from the ground up" approach to lessons and training. We believe the road to becoming a solid rider begins on the ground. Exercises and skills learned on the ground develop a foundation for trust and respect between horse and rider.

We teach Western and hunt seat, training, show coaching, trailer loading, trail riding skills, pre-purchase consultations, and more. [Click here to learn more...](#)

#### BOARDING

We treat every horse in our care as though they were our very own. C.E.C. has an outstanding reputation for providing our horses with a wonderful quality of life. And that gives our boarders the ultimate gift of peace of mind.

Each boarder and every horse is important and unique. We take the time to get to know you and your horse, listen to your requests and do whatever it takes to exceed your expectations. After all...a great ride begins and ends with a happy horse! [Click here to learn more...](#)

#### EVENTS AT CEC!

We've always got something happening around CEC.

From art camps for kids to Equine Massage Certification for adults. And returning this year by popular demand is our annual Tack Sale and 3-Day Josh Lyons Riding Clinic. Check out our handy Events Calendar for all the exciting details!

[For more details click here...](#)

#### LEASING/SALES

Leasing your own horse is the perfect way to increase your time in the saddle and improve your skills, without making a full commitment to horse ownership. We offer an affordable leasing option at C.E.C.

Occasionally, we also have a horse available for purchase. When we do, you can look on our lease/sale page for more details.

Check out our current horses for lease or sales...[click here now.](#)

**BUY & SELL TACK HERE--EVERYDAY!**  
Turn your unused tack into cash! For a small fee you can post your ad on our website and get your items seen by the right shoppers! Sellers will love the convenience and the small fee to post--buyers will enjoy a safe easy way to browse for great deals on tack.

#### SPECIAL OFFERS/GIFT CERTIFICATES

If you are looking for fun gift that won't ever be forgotten, consider giving a Concord Equestrian Gift Certificate. What better way to share your passion for horses and introduce a special friend or family member to the

Visit our Shopping page to learn more and to see what's for sale this week!

joy of riding.

Our lovely gift certificate is available in any amount. We'll include a brochure so your gift recipient can get a sneak peek at C.E.C. Call today to ask about purchasing a Gift Certificate! [Click for more info...](#)

*Working with Kelly at Concord Equestrian Center has been a great experience for both my 9 year old son and myself. What struck me about Kelly on that first day was that she has a "from the ground, up" approach to learning to ride. It's not about jumping right into the saddle and bouncing around for an hour, it's about learning how to be safe around your horse, how to groom your horse, how to tack/untack your horse, and the list goes on. For as long as I have known Kelly, she has been a kind, patient instructor who never fails to let her great sense of humor shine through. She makes my son feel welcome at the barn and encourages him all the time, which in turn makes him love horses and riding. I would recommend Kelly and CEC to anyone and everyone every day of the week and twice on Sunday." Sabrina M., Boscowen*
