Subject: NED Pipeline

Hello, The No NED Pipeline people made this video to show what we will be losing if the Kinder Morgan people win and we lose. Please watch it and help us stop the pipeline. <https://youtu.be/IPij9RXQUvs>

I thought that it was terrible that Kinder Morgan did not stay at the March 25, 2015 Senate Presentation to hear what we the people most effected by the Pipeline had to say. They are not concerned to really hear us. We are terrified and very, very angry. Our answer to them is NO, We Don't Want The Pipeline. They were told to listen to us and they walked out then and again that evening in Rindge, NH at the Selectmen's Meeting. I wanted to hear what their response was to what we have discovered. It was very rude and unacceptable to us. Please don't believe what they are saying. Please Help Us.

Sincerely,
Pamela Shuel-Sargent
