Subject: NED Pipeline

Hi Pamela,

I live on the seacoast but am seriously concerned about the impact the NED pipeline would have on NH. The on the ground impacts of likely explosion and death are unacceptable.

The impacts on the climate are even more unacceptable. Richard Kinder is just trying to make a lot of money with NH as a sacrifice zone. I just wanted to let you know that I support you doing everything in your power to stop this pipeline.

I understand FERC has the power. However, everything you can do to stop it is much appreciated.

I'm sure you're busy, no need to respond.

Tyler
