Subject: Docket # 2015-08: pipeline project, southern NH

Dear Ms. Moore:

As a resident of New Ipswich, NH, I am writing to you to express my deep concern over the gas pipeline which Kinder Morgan has proposed to construct through several towns in the heart of the Monadnock Region. Because you serve on the Site Evaluation Committee, I am hoping you will represent my family and my neighbors who fear losing property values, use of recreational areas (including the beloved Windblown XC ski area and nearby hiking trails), and a sense of safety if this pipeline goes through.

The Kinder Morgan pipeline is not going to benefit the residents of New Hampshire, and whatever energy it proposes to bring could be offset by conservation and alternative fuels. Please help put a stop to this really bad idea.

thank you,

Meg Kearney
