Re: SEC Docket No. 2019-02, Application of Chinook Solar, LLC for a Certificate of Site and Facility for the Construction and Operation of a 30MW Solar Generating Facility in Fitzwilliam, New Hampshire

Dear Chairman Sterling:

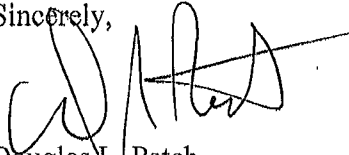

On behalf of Chinook Solar, LLC, the developer of the Chinook Solar Project in Fitzwilliam, we are writing to make you aware of an Application for a Certificate of Site and Facility which is being filed today with the New Hampshire Site Evaluation Committee ("NHSEC").

Although based on the studies we have conducted we think there will be few if any impacts to your Town as a result of this solar project, because your community abuts Fitzwilliam we are required to make you aware of this filing and to provide you with information about how to obtain an electronic or paper copy of the Application. A copy of the complete Application may be obtained by accessing the NHSEC website: <https://www.nhsec.nh.gov/>. When you are on the website you should click on "Projects" in the upper left hand column, then click on "2011-2021" in the middle of the page, then click on "Chinook Solar, LLC, SEC Docket No. 2019-02" near the top of the page, and once there look for a link to the "Application".

In addition, if you would like us to email you a link or to send you a thumb drive with the Application materials you can contact me at dpatch@orr-reno.com or call me at 603-223-9261, or you can contact Ellen Cole at ecole@orr-reno.com or 603-223-9121. We can also provide you with a paper version of the Application though it is quite large and bulky, and it will take us some time to get it copied and sent to you.

Thank you. Please let us know if you have any questions.

Sincerely,
