**Re: Application of Chinook Solar, LLC for a Certificate of Site and Facility for the Construction and Operation of a 30MW Solar Generating Facility in Fitzwilliam, NH SEC Docket No. 2019-02**

Dear Attorney Patch:

On October 18, 2019, the Site Evaluation Committee received the Application referenced above. Along with the application, you enclosed a check in the amount of \$96,000, to cover the filing fee required by RSA 162-H:8-a, and the revised fee schedule (eff. October 19, 2019). After consultation with the NH Department of Justice, I have determined that the per megawatt fee set-forth in RSA 162-H:8-a, II, (a)(1) only applies to wind energy electric generation facilities. Accordingly, the correct fee for the subject application is the base charge for electric generation facilities, which is \$60,000, resulting in an overpayment of \$36,000. The check has not been deposited and depending on your preference, will either be destroyed or returned. Within 5 days, please submit a check to my attention in the amount of \$60,000, payable to Treasurer – State of N.H.

Please be advised that certain costs involved with processing the application shall be borne by the applicant pursuant to RSA 162-H:10, V. I will forward invoices for all costs to your attention for prompt payment directly to the service provider. Should you have any questions regarding this matter, please contact me at (603) 271-2435.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Monroe".
