Re: Application for a Certificate of Site and Facility for the Construction and Operation of a 30MW Solar Electric Generating Facility, Fitzwilliam, NH (NHSEC No. 2019-02; DHR #9541)

Dear Ms. Monroe:

The New Hampshire Division of Historical Resources (DHR) has a responsibility to review the Chinook Solar project referenced above under NH RSA 227-C:9. NH RSA 227-C:9 directs all state agencies, departments, commissions and institutions to fully cooperate with the DHR in identifying historical resources and addressing adverse effects during state-assisted projects, activities and programs.

The Application referenced above is considered sufficient to satisfy requirements for the New Hampshire Division of Historical Resources' review under NH RSA 227-C:9.

Thank you for the opportunity to provide comment.

Sincerely,

Nadine Miller
Deputy State Historic Preservation Officer
