RE: Second Quarterly Report in Docket No. 2021-02, Investigations of Complaints Regarding Antrim Wind Energy Facility

Dear Chairwoman Martin,

In your April 2, 2021 Order, you directed the Subcommittee to provide periodic reports to the full Committee no less frequently than once a quarter. This is the Subcommittee's September 1, 2021 quarterly report.

The Subcommittee's first charge was to forward a written recommendation regarding the appropriate methodologies for measurement and analysis of sound, and procedure for validating noise complaints. The Subcommittee completed that task with the August, 23, 2021 Recommendation I forwarded to you.

The Subcommittee has now progressed to Charge 2 in your April 2, 2021 Order, reviewing and investigating Complaints filed through December 31, 2021 regarding Facility operations. The Subcommittee anticipates conducting site visits of the facility and surrounding locations over the next several months. In addition, the Subcommittee will be issuing written requests for information from the facility and complainants. Once a sound expert is retained, the Subcommittee will arrange to have independent field sound surveys completed as necessary at appropriate locations and times.

The Subcommittee anticipates convening another public meeting after completing the site visits and receiving information from the facility and complainants. At that time the Subcommittee will discuss additional information needed and the procedures by which the Subcommittee will carry out Charge 3, which is to make recommendations to the Committee regarding the disposition of complaints.

Sincerely,

A handwritten signature in black ink that reads "Jonathan Evans".

Jonathan Evans
