I am sending this to you, please get to the appropriate subcommittee members regarding antrim wind noise complaints. The subcommittee visited my property this past fall I stated that the loud noise was intermittent. Last night while in bed with all the windows closed and locked I was woken up by the sound from the turbines. I waited to ensure that it was not an airplane it continued so I took this reading on my iPhone that demonstrates how loud the turbines were to wake me up at 11:45 pm. My son also was woken up in his room with a fan on and windows closed and locked.

Thank you,

Janice Longgood
