**Re: SEC Docket No. 2021-02  
Investigation of Complaints  
Regarding Antrim Wind Energy Facility  
Response to Rand Survey**

Dear Mr. Evans:

On May 14, 2021, a number of individuals submitted a document titled Complaint Response Noise Survey 3/18-4/9, 2021 ("Survey"). The document was prepared by Robert Rand and purports to show that Antrim Wind Energy, LLC ("Antrim Wind") exceeded the applicable sound standard at a specific location on March 24, 2021, at 12:16 a.m. and March 31, 2021, at 3:14 a.m.

Enclosed please find Antrim Wind's response, prepared by Robert O'Neal, the Managing Principal of Epsilon Associates, Inc., which analyzes the Rand Survey. Mr. O'Neal explains that the Survey is inconsistent with Site Evaluation Committee rules and fails to validate the noise complaints.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Barry Needleman".
